

Position: Production Assembly / Service Tech for Equipment Manufacturer

Job Responsibilities

- Work closely with production personnel and engineers to prepare equipment - performing all functions related to the assembly process from picking component inventory through final assembly.
- Will be reading blueprints, process sheets, schematics, mechanical drawings, pictures and other diagrams to connect sub-assemblies used to assemble the final product.
- Receives work orders from the production manager and the sales department that determine components required for machine assembly.
- Assemble products with a focus on quality
- Inspect, test, and adjust completed units to ensure that units meet specifications and customer's order requirements.
- Record inspection data for each machine.
- Notify production manager of any unusual problems or concerns
- Utilize hand and power tools to perform necessary job duties.
- Must be able to obtain forklift certification (training on-site) and be able to operate overhead cranes
- Assist shipping department with loading of ocean containers for international shipping.
- Communicate with purchasing to maintain required inventory levels for manufacturing.
- Some customer contact is required during equipment demonstrations and service inquiries.

Preferred Experience, Skills, and Knowledge

- The position requires a highly motivated, positive individual that can work both independently and in a "team" environment.
- Ability to handle multiple priorities simultaneously
- Experience working in a manufacturing environment
- Strong attention to detail
- Able to stand or walk for the majority of the work day
- Able to lift 50 pounds regularly and occasionally lift up to 75 pounds with assistance.
- Able to use a variety of hand tools and all power tools
- Must be able to utilize good common sense

Salary & Benefits

- Excellent daytime hours, 7am-3:30pm, Monday-Friday
- Competitive wages depending on experience
- Medical, Dental, and Life Insurance
- 401K after 1 year
- Vacation & PTO
- Paid holidays
- Cafeteria Plan
