

VacBoss, bulk material handling conveyor, VacBoss Diesel

 christianson.com/brands/vacboss/vacboss-diesel-self-powered-super-suction/

VacBoss Diesel is the ultimate vac for your biggest and toughest bulk handling jobs. A complete, self-contained pneumatic conveying system, VacBoss Diesel offers the optimum in compactness, mobility, flexibility, and performance for today's efficiency minded operators. Because only VacBoss features BlowerGard Filtration, no other vac can stand side-by-side this work horse for long – it's stamina is unmatched.

Blower wear caused by ingesting abrasive dust is virtually eliminated with BlowerGard™ Filtration. This technology allows us to offer an unprecedented warranty program - a 5-Year / 2,500 Hour Abrasion-Free Blower Limited Warranty*. Please contact us for full details.

* Certain restrictions and conditions apply, eighteen month mechanical warranty applies.
